Body

$$\begin{aligned}\psi_{\kappa} &= \alpha_{\kappa} + \beta_{\kappa} + \gamma_{\kappa} + \delta_{\kappa} + \lambda_{\kappa} + \sigma_{\kappa} : \\ \varepsilon_{\phi} &= \delta_{\kappa} + \lambda_{\kappa} + \sigma_{\nu} ; \\ \rho_{\phi} &= \beta_{\kappa} + \gamma_{\kappa} + \sigma_{\nu} ; \\ \alpha_{\phi} &= \rho_{\phi} + \varepsilon_{\phi} .\end{aligned}$$

Mind

$$\begin{aligned}\psi_{\kappa} &= \alpha_{\kappa} + \beta_{\kappa} + \gamma_{\kappa} + \delta_{\kappa} + \lambda_{\kappa} + \sigma_{\kappa} : \\ \varepsilon_{\phi} &= \delta_{\kappa} + \lambda_{\kappa} + \sigma_{\nu} ; \\ \rho_{\phi} &= \alpha_{\kappa} + \gamma_{\kappa} + \sigma_{\nu} ; \\ \beta_{\phi} &= \rho_{\phi} + \varepsilon_{\phi} .\end{aligned}$$

Review

The system of consciousness in the immediate frame of experience is known to the emotional frame of the inner consciousness, of the psycho-physiological interior, of spirituality. Metaphysical objectivity is served by representation. [[α φ λ](#)]

Reflection

The whole of the sentient **body** is served by the awareness of its sustenance, maintenance, and development. The intellectual frame is secondary, in substance and significance, to the metaphysics. It is a poverty, in comparison.

The role of the **mind** in the life of the inner consciousness is secondary. The role of the **body**, the inner consciousness, is primary.

Formalization

When we circumscribe, by **nihilism**, ideologies of supremacy and intellect, we have constructed an antithesis to **materialism** as inclusive of spirit and life.
